Subject: 2014 Dodge Ram Diesel 3500

Ms. Caballero: We had a client who called our office to ask whether his 2014 Dodge Ram Diesel 3500 would be subject to the provisions of 40 C.F.R. Part 86. He is worried that his vehicle does not meet EPA emissions standards. We noted that the Notice of Violation you issued yesterday only covered the 1500 model and Grand Cherokees. However, the GVWR of the 3500 is less than 14,000 pounds so it would seem like the 3500 would fall within the purview of 40 C.F.R. 86. Can you comment on this? Also, would the COC for the 2014 Dodge Ram 3500 Diesel be available to the general public for viewing?

Sincerely,

Peter; **Ex. 6 Personal Privacy (PP)**
